

Certificate of Trust

This Certificate is Offered To :

AdvaHealth Solutions

CT Defense SRL performed a **Web Application Security Assessment**, to assess the risk that a real-life, targeted attacker poses to the security and integrity of **AdvaPACS**.

The security assessments were performed on the dates between the **13th of February, 2023**, and the **17th of March, 2023**.

Overall, CT Defense SRL assessed the application at **low risk**, as no high-risk issues have been identified in the AdvaPACS environment.

The application has no unmitigated risks and we are glad to designate it as

TRUSTED

Certified
